MESSAGE

14th April, 2020 is observed in India every year as the National Fire Service Martyr's Day. This year, the day falls within the period of National Lock Down due to the COVID-19 Epidemic Situation in the country, and therefore carries particular significance in the context of sacrifices, which have been made and will require to be made.

I join the Officers and Staff of the Directorate of Fire & Emergency Services in paying homage to the Martyrs from Fire & Emergency Services in the Country, who have laid down their lives while performing their duty of saving lives and property of others.

09-04-2020
(PARIMAL RAI)
