

MESSAGE

I am delighted to know that the Directorate of Fire & Emergency Services, Government of Goa, will be observing Fire Service Day on 14th April, 2022 on the theme "Learn Fire Safety, Increase Productivity". This day is observed all over the country to pay homage to the firemen martyrs who have sacrificed their lives during the performance of their duty. It is then followed by the fire prevention week.

2. The Directorate of Fire and Emergency Services has been actively contributing to the cause of spreading greater awareness among the people about the need and importance of preventing fire accidents and to save human lives and property. It is important that the people get themselves acquainted with safety practices and spread the message in the family, neighbourhood and the work place. This will help the State to have a better fire prevention and safety ecosystem.

3. While congratulating all fire services personnel who strive to serve the people selflessly and courageously, I would like to urge one and all to follow fire safety norms and prevent the loss of precious lives and valuable property.

4. I convey my best wishes to all on this occasion.

(P.S. Sreedharan Pillai)
Governor of Goa

8th April, 2022
